There were 131 entries to the 6th Annual California QSO Certificates were awarded to each first place station listed results. Additional certificates were awarded were appropriate.

Many comments have been received in the past as to where northern California. Well, north of Sacramento there are not stations and they are not contest minded. There were 10 count not reported in the contest, those being Alpine, Colusa, Lakecino, Mono, Nevada, San Benito, Tehama, Trinity and Yuba.

Those of you that worked me as WA6JDT/6 in Sierra County receive a QSL for confirmation by requesting so with yours.

Thanks to all who provided the SASE or IRC for the result I would also like to thank Orin, W6DZK, for checking the subml logs. See you next October.

S O A P B O X

Look for you again next year as Advanced--WN2PWS. 80-meter-only operation was a disadvantage--WA2KWB/2. Those northern California counties are the elusive ones--W2RPZ. Very FB QSO Party John, but where were you?--K2DW. Only problem was I didn't know about it until 20 minutes into the contest! Got the info over the air--WA3NAV (see the top 10 listing). Where were the phone stations????--WA3EOP. Just used a mobile whip for an antenna, so it was a challenge--WB4SPG. My first contest and guess should have started at the start--KV4EN. Where was North California?--WA5BNH. My trusty old hand key gave me troubles toward the end--WA7OUB. Great contest, worked my last county in California--Inyo!--K7LTV. Was a dandy party although we expected there would be more "rare" counties present somehow. Did not hear you on and hope we'll contact one of these days--W9WR. Enjoyed 1971 California QSO Party but wish more California hams had participated, especially from rare counties--W9JR. Noticed very much activity from California stations--WA0KGD. I found the W6 boys to be very good and replied to weak signals such as mine--VELAHG. Glad to join for the first time this nice party--PY1BAR. Any of the gang need CT2 for DXCC, will be glad to make skeds on CW only--CT2AZ. Despite falling antennas, homebrew matchboxes and operators falling asleep it was a very enjoyable contest--WB6FZU/6. Don't know which surprised me more, CT2AZ answering my CQ or finding out he was actually in the contest--WB6IEX. Wasted a lot of time trying to get into Del Norte County on Hiway 96. Too rugged for my camper. Made mistake by not going to Trinity County as I was only a few miles away from it--WB6JQP/Humboldt. The stay-at-homes drowned me out. When in the clear could work one a minute but some other six would pile on top of me--WB6JQP/Del Norte. Had to give up HF, rotor on quad froze. Worked all day Friday putting up a long wire for 3.5 Mc with a matching tuner and on 3rd QSO XYL complained of excessive QRM on her TV program--thats the story of my California QSO Party--W6CLM. We operated from K6EBB's QTH at the top of the Santa Cruz Mountains. We'll be back next year for a better score--WA6DIL/6.
